

FIRE, POLICE AND EMERGENCY MANAGEMENT BONDS

Facility Study: Communications Center	\$100,000	Study and design renovations/improvements to the Communications Center to correct deficiencies and to ensure coordinated emergency management.
Land Acquisition for Station 22	\$500,000	Acquire land for the future construction of Fire Station 22.
Marked Police Vehicles	\$3,000,000	Purchase of marked vehicles as required by R-04-33.
Radio Frequency (RF) Infrastructure for Data	\$2,500,000	Acquire and implement a 700 MHz mobile data delivery infrastructure suitable for implementation with the City's ISD radio frequency infrastructure. This system will increase public and officer safety while building community partnerships and increasing department productivity.
Sixth Area Command	\$400,000	Phase II: Design, construct and equip the sixth area command headquarters. The sixth area command headquarters has been designated as the first of the City's three Leadership in Energy and Environmental Design (LEED) projects. Based on well-founded scientific standards, LEED emphasizes state of the art strategies for sustainable site development, water savings, energy efficiency, materials selection and indoor environmental quality. Requested funding will be used primarily for design.
1% for Public Art	\$65,000	As provided in the City's "Art in Municipal Places" ordinance, one percent of each bond purpose shall be provided for public art.

Total **\$6,565,000**
